THE GAZETTE.

Containing the freshest Advices, Foreign and Domestick.

From WEDNESDAY *December* 7th, to MONDAY *December* 12th, 1748.

PHILADELPHIA, Nov. 24.

YEsterday about Noon, the Hon. JAMES HAMILTON, Esq; Governor of this Province, who came in the Ship Loyal Judith, from *London*) arrived in this City, in the Ship's Yawl, having left the Ship about ten Miles below this Port: He landed privately at the Wharff of WILLIAM ALLEN, Esq; his Brother-in-Law, and his Commission was published at the Court-House about two o'Clock in the Afternoon, when his Arrival was not known to many of the Inhabitants; but the News soon after spreading, there was an universal Joy among the People, who are highly pleas'd at the Appointment of a Gentleman to this Government, who has liv'd among us from his Infancy, and has heretofore supported the Character of a Gentleman of great Integrity and Abilities in several important Offices in the Province.

We hear, That the Rev. Mr. *Whitefield* has preach'd to prodigious Congregations in and about London, and was daily gaining the Affections of People of all Ranks. That he is made Chaplain to the Right Honourable the Countess of *Huntingdon*, at whose House he had several Times preach'd, at the Request, to many of the Nobility, among whom were the Earls of Chesterfield and Bath; And that after preaching a Farewel Sermon to a very large and attentive Auditory at St. Bartholomew's Church, London (in which he had a few Sundays before administer'd the Sacrament to near a Thousand Communicants) he set out for Scotland, and from thence intended for Ireland, and for this Place next Year.

CHARLE-TOWN, December 12.

The Schooner *John*, *William Borland* Master, of and for this Port, from *Jamaica*, and a Brigt. (belonging to *Liverpool*) from *New-England* for this Port, —— *Jones* Master, with Mr. *Ducat* (one of our Pilots) on board, who has been taken thrice before, are taken by a *Spanish* Privateer belonging to *St. Augustine*, which sail'd from thence to cruize long since the Cessation of Hostilities. As these make 5 Vessels taken by the *Spaniards* our Neighbours, since Hostilities have ceased every where else, and they still continue to fit out and send their Privateers to cruize, 'tis to be hoped, if they are not hunted and treated as Pyrates, that some other Means will be used to put a Stop to their Insolence.

There have been several Seizures of our Traders lately made at *Havanna* and *St. Augustine*. And off the latter Place the Privateer above-mentioned, plunder'd some *English* Prisoners (that were coming hither in a Flag of Truce) of their Chests of Cloaths, and whatever else they had.
